Standing Loc Rib

Jensen Bridge & Supply offers two advanced standing seam panels: the Standing Loc Rib (SLR), designed for residential projects with its sleek 1" rib, and the Clip Loc II, built for residential or commercial use with a taller 1-1/2" rib and longer panel lengths. Both feature durable Galvanized/ Galvalume steel and premium paint finishes, ensuring lasting performance and style.

SLR DETAILS

- ☑ **SLR has a nail strip panel system with pre-cut slots for pancake screws**
- ☑ **Minimum roof slope: 3:12 (SLR)**
- ☑ **Available in flat pan, striated, with stiffener ribs, reinforced flat pan**
- ☑ **Gauges: 26GA & 24GA**
